12.1 STARCK may provide you, at no additional cost, with updates which contain:

12.1.1 Enhancements. From time-to-time digital content requires further development and adaptation to new technical possibilities or changes in client behavior and demands or changes of the technical development of the environment/infrastructure. To the extent this does not adversely affect the subjective or objective conformity requirements of the ASIP or your access or use of the ASIP (i.e. which are no debuggings or modifications), STARCK may provide you with updates, new ASIP versions and releases that include technical adaptations or additional services, functions, links, integrate additional (module) services or redesign and recompile services, as well as change the name and appearance of the ASIP. STARCK is not obliged to make enhancements available.

12.1.2 STARCK shall inform you about the availability of updates with enhancements and the consequences of the failure to install such updates, as well as provide you with an installation instruction. These Sections 12.1.1 and 12.1.2 do by no means limit your remedies for lack of conformity according to Section 12.2.

12.1.3 Debuggings. STARCK will provide you with updates, including security updates that contain debuggings which keep the ASIP in conformity with the subjective or objective requirements including legal, regulatory and judicial requirements for the period of your use of the

ASIP. STARCK shall inform you about the availability of updates with debuggings and the consequences of the failure to install such updates, as well as provide you with an installation instruction. This Section 12.1.3 does by no means limit your remedies for lack of conformity according to Section 12.2.

12.1.4 Modifications. STARCK may provide you with updates that contain modifications to the ASIP beyond what is necessary to maintain conformity of the ASIP. STARCK may make modifications if and to the extent that (a) functions of the ASIP or parts thereof are no longer used to an extent that justifies their maintenance and continued operation, (b) new or amended legal, regulatory or judicial requirements would require adjustments of the ASIP which would be economically unreasonable to STARCK, (c) changes in the technical conditions of the ASIP environment or infrastructure that are beyond STARCK's control and that complicate maintenance and continued operations of the ASIP to an extent which would be economically unreasonable to STARCK. STARCK shall inform you in a clear and comprehensible manner of modification. If the modification negatively impacts your access to or use of the ASIP, and the impact is not only minor, the following applies to such information: STARCK shall inform you via the ASIP or/and email notification within a reasonable period of time of the features and time of the modification and bring to your attention if it is possible for you to maintain without additional cost the ASIP without the modification or if it is not possible, you have the right to terminate these Terms of Use in accordance with Section 14.3.

12.2 Remedies for lack of conformity. In the event of a lack of conformity of the ASIP, you are entitled to have the ASIP brought into conformity with the conditions set out in these Terms of Use, e.g. via update. If (i) STARCK refuses or fails to achieve conformity within a reasonable period of time and without significant inconvenience to you, (ii) or where the lack of conformity is of such serious nature that it is unreasonable for you to apply for rectification first, are entitled to (a) a proportionate reduction of the price, if any, for the period of time during which the digital content or digital service was not in conformity and (b) unless the lack of conformity is only minor, terminate the Tier in accordance with Section 14.4. A price reduction or refund is proportionate if it reflects the decrease in the value of the ASIP compared to the value that the digital content or digital service would have if they were in conformity. This Section 12.2 does by no means restrict the possibilities to use other legal remedies arising from applicable laws.

12.3 To assert your rights under this Section 12, you can contact STARCK's customer support. The contact details for the customer support team are support[at]STARCK.io.

## 13. INTERRUPTION AND SUSPENSION OF THE ASIP

13.1 Interruption of the ASIP. STARCK may interrupt the ASIP if it is necessary for repairs, maintenance work or other similar actions, including security updates, in which case STARCK endeavors to notify you of the interruption as far in advance as reasonably possible or, if advance notification is not possible due to the urgency of the reasons requiring interruption, without undue delay.

13.2 Suspension of the ASIP. STARCK may suspend or restrict access to your Client Account, at any time, either entirely or partly, if including but not limited to:

13.2.1 you are not or no longer eligible to access the ASIP;

13.2.2 you have not observed the limits of purpose and permitted use of your Client Account as provided for in Section 7;

13.2.3 information provided in your Client Account is untrue, inaccurate or incomplete;

13.2.4 you refuse to provide the required clarifications within the time requested;

13.2.5 you fail to pay any part of the Fee after having been notified of the failure;

13.2.6 your actions or omissions relating to the use of the ASIP interfere with or prevent the normal operation of the ASIP or otherwise cause, or are likely to cause, harm, damage or other detrimental effects to the ASIP, STARCK or other Clients of the ASIP;

13.2.7 we have reasons to suspect that the credentials to your Client Account have been wrongfully disclosed to an unauthorized third party and the ASIP is being used under such credentials;

13.2.8 we have reasons to suspect that your Client Account has been used for illegal, fraudulent or unauthorized purposes;

13.2.9 your actions or omissions endanger the security, integrity, operation or usability of the ASIP;

13.2.10 you use the ASIP in violation of any applicable laws, regulations or regulatory provisions;

13.2.11 you use the ASIP in any other way in breach of these Terms of Use;

13.2.12 we reasonably believe that we are required to do by applicable law.

13.3 STARCK endeavors to notify you of the interruption as far in advance as reasonably possible or, if advance notification is not possible due to the urgency of the reasons requiring interruption, without undue delay. STARCK is not liable for any occurrences experienced by you due to the suspension.

#### 14. TERM AND TERMINATION

14.1 Upon any access or use of the ASIP, these Terms of Use remain thereafter in full force and effect in respect of such access or use, as they may be updated from time to time.

14.2 The term of your paid subscription Tier pursuant to the Subscription Purchase will remain in effect for the period you made the payment for (for example, a month or a year), subject to any renewals made by you or automatically.

14.3 If a modification according to Section 12.1.4 negatively impacts your access to or use of the ASIP and STARCK cannot prove that such negative impact is only minor and you are a consumer, you shall be entitled to terminate these Terms of Use within 30 (thirty) days of the receipt of the information about the modification pursuant to Section 12.1.4 or of the time when

the modification has been supplied to you, whichever is later. If you are entitled to terminate these Terms of Use due to a lack of conformity, you may declare termination of these Terms of Use to STARCK.

#### 14.4 Termination of the Tier

14.4.1 You have the right to withdraw from the subscription of the Tier within 14 (fourteen) days (cooling off period) after you have successfully subscribed to a Tier.

14.4.2 After the 14 (fourteen) day cooling off period you may terminate your subscription to a Tier at any time and without giving any reasons via your Client Account settings by choosing “Not to extend”.

14.4.3 STARCK may, at its sole discretion, terminate your account and any subscription to a Tier which it suspects violates these Terms of Use, violations of applicable laws, security of the account or any other situation STARCK deems necessary for its own safety and integrity and/or its Clients.

14.4.4 STARCK may terminate any subscription to a Tier under the same conditions described in Section 14.5.2.

14.4.5 Regardless of the Party initiating the termination, the termination of the subscription Tier will mean that your access to the ASIP functions provided under the respective subscription Tier is terminated immediately, however you will still have access to your Client Account. If the subscription Tier was terminated and a refund was not requested by the Client, the subscription Tier will be terminated at the end of the term of the respective subscription Tier. Please note that the free Tier cannot be terminated. Termination of the subscription Tier will not cause data loss, meaning if you decide to conclude the Subscription Purchase in the future, the functions’ metrics set up by you will continue working. For instructions on receiving a refund, please see our Refund Policy. You agree that all such measures will be carried out by STARCK and that STARCK will not be liable to you or any third parties as a result of any such measure for any reason, to the extent this is permitted by applicable law.

#### 14.5 Termination of the Client Account

14.5.1 If you have signed up with a username and password you may delete your Client Account at any time and without giving any reasons via your Client Account settings, where we have made this option available to you. Prior to deleting your Client Account, we will ask you to disconnect any linked exchanges and close any open trades or bots. In case of termination, your Client Account will be closed within 7 (seven) days provided that: (i) any disputes in which you have been involved have been satisfactorily resolved; and (ii) you have completed any other obligation(s) associated with your use of the ASIP (i.e. you have disconnected any linked exchanges and closed any open trades or bots). Within those 7 (seven) days you may choose to reactivate your Client Account by logging in and cancelling the termination of the Client Account. For accounts created by connecting your Facebook, Google or Apple accounts please contact support to request the deletion.

14.5.2 STARCK may terminate these Terms of Use with regard to you and delete your Client Account by giving you 7 (seven) days prior notice by notifying you in the ASIP. The Client Account will be deleted at the end of the 7th (seventh) day in which the prior notice period expires.

14.5.3 STARCK reserves the right to terminate these Terms of Use and delete your Client Account that has been inactive for 2 (two) years. Inactive is a Client Account which has not been logged in for 2 (two) years and does not have any active subscriptions to Tiers.

14.5.4 STARCK may terminate these Terms of Use with regard to you and delete your Client Account effective immediately without prior notice you if you have materially breached these Terms of Use. The following are considered material breach of the Terms of Use:

14.5.4.1 STARCK does not receive information STARCK requests from you or you provide STARCK with incorrect information,

14.5.4.2 you fail to submit evidence to support that your activities, funds or other resources are in compliance with law or do not violate sanctions,

14.5.4.3 in the reasonable opinion of STARCK, you or your activities are connected or there is a high risk of being connected to money laundering, sanctions, terrorism or any other illegal activity,

14.5.4.4 proceeding with the provision of services would constitute breach of any applicable legal requirements,

14.5.4.6 any breach of the Terms of Use if it cannot be remedied or in case it has not been remedied by you without delay after having been notified thereof by STARCK;

14.5.4.7 any other breach of the Term of Use in case it is a material breach according to the Terms of Use or the applicable law.

#### 14.6 Consequences of termination

14.6.1 Regardless of the Party initiating the termination, the termination of the Client Account will mean that: (i) concurrently with the termination of the Client Account, also the Subscription Purchase (if relevant) will be terminated and thus your access to the ASIP and products and services made available in connection therewith is revoked; (ii) you are prohibited from any further use of the ASIP; and (iii) any and all data and information residing in your Client Account or pertaining to activity from your account will be irretrievably deleted, except to the extent that we are obligated or permitted to retain such content, data or information in accordance with applicable laws and regulations. You agree that all such measures will be carried out by STARCK and that STARCK will not make itself liable to you or any third parties as a result of any such measure for any reason, to the extent this is permitted by applicable law. In case the termination

has been initiated by STARCK due to your breach you have no right to request any refund for any unused Tiers.

14.6.2 When these Terms of Use are terminated or expire, all of the legal rights, obligations and liabilities that you and STARCK have benefited from, been subject to (or which have accrued over time while the Terms of Use have been in force) or which are expressed to continue indefinitely, shall be unaffected by such termination including but not limited to Sections 1, 7, 10, 11, 15 to 20.
